

# MAXIMUM EXTENT OF ICE ON RIVER ST LAWRENCE

FEBRUARY, 24<sup>TH</sup> 1911

To accompany paper by

HOWARD T. BARNES, F. R. S.

Scale of Miles

Open water, February 24<sup>th</sup> 1911, shown thus.....

Ice-covered portion of river, uncoloured.....

Note. February 24<sup>th</sup> was selected because, in 1911, the ice-covered area reached its maximum on that date.
